Subject: [Non-DoD Source] RE: Question about Supplemental PN and Information

Good morning Adam,

Following up on Christine's email. Are you aware of particular documents that have been submitted in the last couple of months that you could point us towards so we may review the most recent information? The cumulative impact assessment and the USACE_EPA RFI 2022.08.12 were the last couple of documents we received for review.

Happy to set up some time for a call if that works best. May be easier for us to look at the website together. Let me know and thanks in advance.

Kind regards,
Kat

Hi Adam,

Thanks for the quick call. Can you help us navigate and track the most recent info submitted on the website link in the PN? If a call would help, let us know a good time.

Thanks!
